SUMMARY

Computer Science Engineering student and aspiring Full Stack Developer skilled in Java, Python, SQL, HTML, CSS, JavaScript, and Node.js. Passionate about Generative AI, AI Agents, Automation, and Intelligent Systems. Strong foundation in software development, database management, and problem-solving with an interest in building innovative and scalable applications.

TECHNICAL SKILLS

Languages: C, Java, Python, SQL, NoSQL

Web Technologies: HTML, CSS, Node.js

Databases: MySQL, MongoDB

Developer Tools: GitHub, VS Code

Concepts: Database Management Systems (DBMS), Data Structures & Algorithms (DSA)

PROJECTS

Blockchain-Based Digital Credential Verification System (Mini Project)

Tech Used: Blockchain, Database Management, Face Verification, Thumb Verification

- Developed a blockchain-based platform for secure verification of academic and personal credentials.
- Implemented face verification and thumb verification mechanisms for user authentication.
- Reduced the possibility of fake certificates and document forgery through decentralized validation.
- Improved transparency, security, and trust in credential management systems.

CertiEngine – Online Certification Platform

Tech Used: React.js, Node.js, HTML, CSS

- Developed a web-based certification platform for Java, Python, and C programming courses.
- Designed an interactive and user-friendly interface for course enrollment and certification.
- Built backend functionalities using Node.js to manage users, courses, and certification records.
- Implemented responsive design principles for seamless access across multiple devices.

ACHIEVEMENTS & CERTIFICATIONS

- Oracle Java Certificate
- Red Hat Java Course Completion Certificate
- Oracle Applied Database Systems 23AI (English)
- Solved 500+ difficulty-rated programming problems on CodeChef
- Google Cloud – Introduction to Generative AI Studio
- Cisco Python Essentials 1 Certification
- Red Hat Python Course Completion Certificate
- Active problem solver on LeetCode

EDUCATION

Bachelor of Engineering | Computer Science Engineering
Nagarjuna College of Engineering and Technology
2024 – 2028 | CGPA: 6.2

Pre-University Course (PUC)
Benakatti PU College, Vijayapura
2022 – 2024 | Percentage: 94%

Secondary School (10th Standard)
Kendriya Vidyalaya, Chikodi
Percentage: 59%

STRENGTHS

- Full Stack Web Development Intern
- Problem Solving
- Team Collaboration
- Quick Learning Ability
- Analytical Thinking

- Software Development Fundamentals
- Adaptability and Continuous Learning
